Plastic Fan Filters

Series: LFT_FI

Features

Plastic fan filters consisting of removable filter retainer, filter medium for holding back dust particles and finger guard. Easy to change filter at the side of the attached ridges of the filter retainer. Easy to insert into the gaps of the finger guard. RoHS compliant.

Material

Filter Retainer, Finger Guard:.....Plastic (UL94V-0)
Filter
Polyurethane Foam, LFT_FI30:30ppi
LFT_FI45:45ppi

Assembly

4 screws (not included in delivery contents) connect the finger guard and fan. Insert filter medium into the filter holder and clip together. The filter retainer can be removed without disassembling the fan to clean the filter elements either by hoovering or washing.

Dimensions

Part No.	H [mm]	D [mm]	M/C [mm]
LFT40FI_	39,88	4,83	32,00
LFT60FI_	59,95	6,35	50,04
LFT80FI_	83,57	9,98	71,37
LFT92FI_	96,52	9,98	82,42
LFT120FI_	123,70	10,67	104,77

H = Height, D = Depth, M/C = Drill Spacing, See Diagram

Additional Products

Filters of 500 pieces upwards with 50 or 60 ppi available on request, delivery time approx. 12 weeks.

Terms of Delivery

Minimum order quantity: 1 PKU = 1 piece

Manufacturer: Various

Part Nr.	Part Description
LFT40FI30	3 pce. Filter 40mm 30ppi
