ERSA Replacement Soldering Tips

For BasicTool60 and MPR25
Series: 832

Application

These soldering tips are suitable for ERSA soldering stations ANA60, see product group T1573, as well as for ERSA-MPR25 soldering iron, see product group T1441.

Features

- The inner heated ERSADUR soldering tip offers maximum heat transfer and a long working life
- The base material manufactured from heat conducted electrolyte copper permits optimal heat transfer from the heating element to the ERSADUR bit

Dimensions

Part Nr.	A	B	C	Ø D	Ø D1
			[mm]
